THE POLICIES

Cell Phone Policy

Students may not have their cell phones on them at any point during the trip to GCU.

Participation Policy

This GCU trip is the result of Academy input from student surveys. When asked about what would help create a sense of community in our growing school, students repeatedly shared that field trips and experiences where they could spend time together outside of academics was an ideal. To that end, we created this space for that purpose. Our expectation is that this is an active experience for community building and strengthening of mutual pursuits towards ideals. Participation in the GCU trip will receive a grade. Students who do not attend will have an alternate assignment that will need to be turned in for a grade. Not attending and not completing the alternate assignment will result in a zero.

Dress Code

The expectation is that all students must wear their uniform on the field trip. All dress code policies will remain in effect during the duration of the trip. Just as all other school policies remain in effect on any other field trip unless directly communicated to students or families.

Waiver

For your students to attend GCU requires that you fill out this digital waiver online. If you have not done so already, please complete this form. [digital waiver](#)
